The Tragedy of Hamlet, Prince of Denmark, written about the year 1600, is William Shakespeares longest play and, perhaps, also his most influential. Many phrases coined in the play have attained the status of cliché in English speech and literature - they are that often repeated. Examples include to the manner born, murder most foul, to thine own self be true, neither a borrower nor a lender be, and, of course, to be or not to be. Hamlet has remained popular through the ages, and is today the most frequently performed of Shakespeares dramas. The Litera Edition of Hamlet has been typeset and punctuated for readability. This item ships from La Vergne, TN. Paperback.
