ROUND THE MOON

DOWNLOAD

Bottom of the Hill Publishing. Paperback. Book Condition: New. Paperback. 144 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Around the Moon is Jules Vernes sequel to From the Earth to the Moon. Having been fired out of the giant Columbiad space gun, the Baltimore Gun Clubs bullet-shaped projectile and its three passengers, Barbicane, Nicholl and Michel Ardan, begins the five-day trip to the moon. A few minutes into the journey, a small, bright asteroid passes within a few hundred yards of them, but luckily does not collide with the projectile. The asteroid had been captured by the Earths gravity and had become a second moon. The three travelers undergo a series of adventures and misadventures during the rest of the journey. During the latter part of the voyage, it becomes apparent that the gravitational force of their earlier encounter with the asteroid has caused the projectile to deviate from its course. Jules Gabriel Verne was a French novelist, poet, and playwright best known for his adventure novels and his profound influence on the literary genre of science fiction. He was trained to follow in his fathers footsteps as a lawyer, but quit the profession early to write for magazines and the stage. His collaboration with the publisher Pierre-Jules Hetzel led to the creation of the Voyages Extraordinaires, a widely popular series of scrupulously researched adventure novels including A Journey to the Interior of the Earth, Twenty Thousand Leagues Under the Sea, and Around the World in Eighty Days. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
